EXPERTISE

Bruks Siwertell's strategy for 2019 to 2021 is to build a market-leading group in dry bulk handling through the profitable growth of all our industry segments worldwide. This growth will be driven by innovation from people, products and processes. Bruks Mobile Chipper is a part and a brand in Bruks Siwertell Group.

» **TECHNOLOGY**

Mobile Chippers for professional wood chipping.

» **SERVICE / INNOVATION**

Mobile chippers for off-road, on-road and terminal operations.

Available as chipper units with own engine and control system for mounting on different types of carrier such as trucks, forwarder, trailer.

Can also be built and delivered based on power transmission from truck or eg agricultural tractor.

INTERNATIONAL EXPERIENCE

Global deliveries.

Biggest markets Scandinavia (SE-NO), Finland, Russia, Denmark and Poland.
